

Step right up!

You're busy with your job, your family, your life – so give yourself and your savings a raise! Make saving more in the ADP TotalSource® Retirement Savings Plan (the "Plan") easier, by using the convenient online contribution rate escalator.

Every year, at an amount and frequency determined by you, your contribution rate automatically increases...so you can just set it and forget it!

Try it once. If you don't like it, you can always shut it off.

The difference 1% makes

Increasing your rate by just 1% each year has the potential to really make a difference*.

	Accumulated value after:			
	5 Years	10 Years	20 Years	30 Years
If you contribute 6% each year:	\$10,423	\$24,371	\$68,016	\$146,177
If you increase your 6% contribution by 1% each year, up to 15%:	\$13,695	\$40,708	\$133,829	\$300,595
Potential benefit of annual contribution rate increase:	\$3,272	\$16,337	\$65,813	\$154,418

* The illustration above assumes an annual salary of \$30,000, contributions made each month, earning 6% interest, compounded monthly with deposits at the beginning of each month. The illustration does not reflect the performance of a specific investment. All returns are hypothetical, not guaranteed and do not reflect the past or future performance of a specific investment option. Payment of income taxes is not reflected. Systematic investing does not ensure a profit or protect against loss. You should consider your ability to invest consistently in up and down markets. Taxes will be due at the time of withdrawal from a tax-deferred investment.
